

FTS RADAR ENCLOSURE

Fitted specifically for the FTS Radar Stage Sensor, the Enclosure ensures that your equipment is safe from external debris and environmental hazards. Made from lightweight yet sturdy steel, the Radar Enclosure is also lockable, providing the Radar with both security and anonymity.

Application:

- Provides protection against rain, sleet, snow, and dripping water.

Construction:

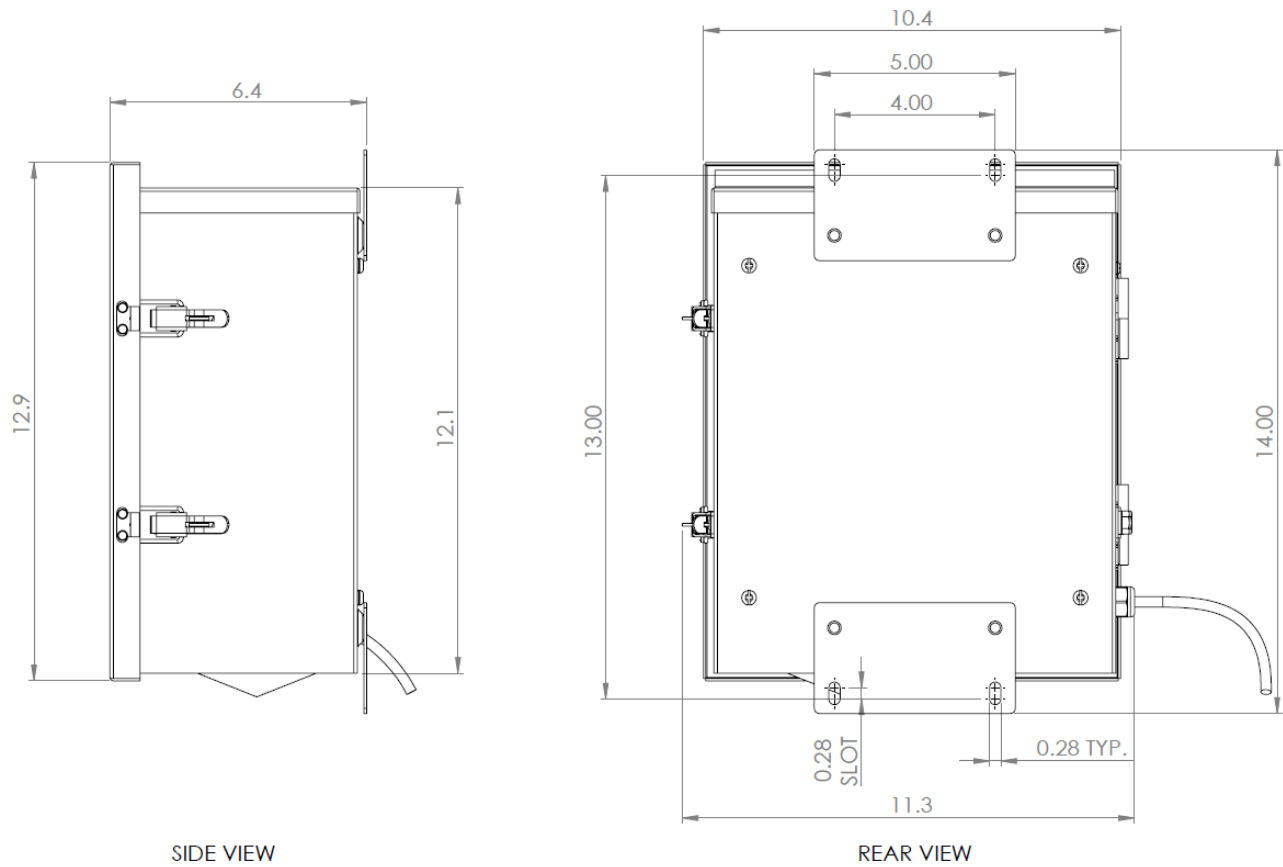

- Formed and spot welded from 16 or 14 gauge galvanized steel.
- Extended height door and seam-free sides, front and back.
- Galvanized steel lift-off hinges with stainless steel pins.
- Cover fastened securely with zinc plated draw pull catches.
- Provisions for padlocking on zinc-plated draw pull catch.
- Embossed mounting holes on back. Seamless poured-in place gasket.

Finish:

- Enclosure and cover are finished in ANSI 61 gray powder coating.
