

QUALITY POLICY

This Management System of FTS is certified to ISO 9001:2015.

1. FTS provides products and services to clients in a manner consistent with the ISO 9001 Quality System Requirements. Our business objective is to make our customers successful in their efforts to monitor, record, and analyze ongoing changes in the natural environment.
2. FTS strives to reduce variation in the quality of service and products to customers and ensure the delivery of quality product and service.
3. FTS is committed to continual improvement of the effectiveness and efficiency of the quality system.
